REPORT OF FIRE CHIEF

The year of 1940 has proved to be a valuable one for our Department, although we have had very few calls and no serious fires we have gained much in an educational way.

During the late spring, members of the department attended classes sponsored by the State Board of Education and New Hampsihre Fire Chief's Club, at the Claremont Fire Station. The course included training in use of all types of fire equipment and first aid. The following members completed the course and received certificates: W. D. Otterson, Jr., W. D. Otterson Sr., Fred Otterson, Glendon Crane, E. R. McGrey, and Abner H. Barker.

By vote of the department, all fires excepting forest fires, of less than two hours duration, are fought without charge to the town.

Last spring the department bought the outside fitting for the 2½ inch pipe which Dr. Lindquist installed in the large well under his barn; making a large supply of water available in the center of the village.

On June 19th the Fire Department entertained the Grafton-Sullivan Forest Fire Wardens Association. The supper served, netted the department $12.46. It is interesting to note that Washington has

a greater membership in the association than any other town.

During the summer, on recommendation of the Fire Department the town bought a pair of helper springs and six fire extinguishers; two of which are of the Foamtype and are kept on the truck.

During the year the Fire Department has sponsored card parties, dances, a supper, and a show which netted them $53.87.

At the present time we are working on a survey and maping the town locating all buildings and water supplies.

Our experience this year has brought out very pointedly the inefficiency of our equipment, chiefly the truck and pump. The personnel of the department is striving to be an efficient asset to the town, but needs efficient equipment to work with. As was cited last year ,our truck is much to small and investigation during the past season shows we can trade our present truck for one of the same year but of 1½ ton rating in a longer wheelbase which would be much more suitable for our needs, without cost to the town.

Our pump, a 75-gallon rating, is designed for pumping through only 500 feet of hose. The ideal pump best suited to our needs is a 150-gallon portable pump which many of our firemen have seen in operation and know its superior performance.

At the February meeting of the Fire Department, it was voted to have a telephone installed at the Fire Station.

In closing I wish to express my appreciation to each member of the Fire Department and others who have co-operated during the past year.

During the year the Fire Department answered the following calls:

Feb. 24—Stanley Drew, chimney fire.
May 12—Harold Newman, chimney fire.
Aug. 2—Forest fire, East Washington Road.
Aug. 11—Forest fire, Stoddard.
Oct. 14—Forest fire, Long Pond.
Jan. 12—George Buffum, chimney fire.
Jan. 30—J. A. Fleming, chimney fire.

Herewith I submit my sixth annual school report for your consideration.

Supt. of Schools: Vincent Gatto, Ed. M., Hillsboro, N. H.

School Nurse: Margaret E. Harris, R. N., Keene, N. H.

The following pupils were graduated from the Washington public schools in June 1940:

Louise Duefield; Robert Duefield; Wayne Gray; Donald McInnis.

John Hunting Leeds was graduated from Hillsboro High school, in June 1940.

The following pupils are to be commended for having maintained perfect attendance during the school year 1939-1940, for the number of periods indicated. The school year consists of thirty-seven weeks divided into four periods. Center School: Ruth Cornell, two periods; Murray Gray, two periods; Wayne Gray, the entire year, excellent; Ruth Johnson, one period; Eunice Ramsey, one period; Sarah Ramsey, one period; Clinton Cornell, one period; Sydney Rollins, three periods, good; Ruth Watson, one period.

Dole School: Donald Crane, two periods; Mildred Crane, two periods; Robert Crane, two periods; Ruth Day, one period; Dorothy Duefield, two periods; Gloria Woodrow, the entire year, excellent; Hazel Woodrow, the entire year, excellent; Lilla Woodrow, three periods; Robert Duefield, one period.

General Discussion

Provision should be made for a nearer source of more abundant water for both schools. Neither of the two schools is sufficiently provided with water either for drinking or washing purposes. Both schools should be provided with sinks and water boxes over them so that the children may wash in running water. At the present time the children of an entire school use the same wash basin. This everyone in Washington knows is not sanitary. The problem of enough drinking water, and washing facilities is as old as the one room school in New England. The time is now ripe to take some progressive measure at some district meeting in the near future.

Progressive measures should also be taken to get rid of the old fashioned toilets handed down from

earlier periods in our history. The toilets now in use are too cold to use with comfort in the winter, and besides they do not meet present day standards of sanitation. The more progressive one room schools use septic toilets which are satisfactory where running water does not exist. Septic toilets give out no odors, and do not freeze in the winter. When once installed all the care which they need is the pouring in of a pail of water a day. Such toilets were installed in the West Deering school two years ago, and on the basis of the good results secured there I feel safe in recommending them for Washington.

Many people think that good teachers are plentiful and that all we have to do is to go out and hire them. The school board and the superintendent know that this is not so. One room schools in particular have difficulty in securing desirable teachers. We were fortunate to secure the services of a successful experienced teacher for the Dole school, and a good beginner for the school at the Center. Let us do our best to keep satisfactory tachers indefinitely. A yearly turnover does not do the children any good. The attitude of the community in general towards the teachers has as much to do with their staying on, as does any other consideration.

The schools are doing more than just teaching the fundamentals. A great deal is being accomplished in the way of citizenship, health, guidance, games, and appreciation of patriotic and religious holidays, and for the social life of the schools, all aiming at laying a truly American cultural background and way of life.

Respectfully submitted,

VINCENT GATTO,

Superintendent of Schools.

The foregoing is an invoice and Assessment of all the Non-Resident Estates liable to be taxed in the town of Washington on the first day of April, 1940, as taken by us for assessing taxes thereon.

WARREN F. ADAMS,
ERNEST M. CAHOON,

Selectmen of Washington.

We, the Selectmen and Assessors of the Town of Washington, N. H., do solemnly swear that on making the Inventory for assessing the foregoing taxes, we appraised all property at its just and true value (as far as we were able) and as we would appraise the same in payment of a just debt due from a solvent debtor, so help us God.

WARREN F. ADAMS,
ERNEST M. CAHOON,

Selectmen of Washington.

Sullivan, S. S. Oct. 5, 1940.

Personally appeared the above named Selectmen and took and subscribed the foregoing Oath before me.

HAROLD E. NEWMAN, Justice of the Peace.
